

RIB INDUSTRIAL LEAGUE RULES – 2023

Please share with each member of the team!

Shoot Dates: April 26 – July 12th

Banquet July 19th

Team Options – All men, all women or co-ed

- 5 person teams
- 4 person teams
- 3 person teams
- Traditional Shooter – Individual, or teams if enough interest

Team Divisions

- After all teams have registered, teams will be divided into Divisions based on number of people on each team, Shooting Style, Men, Women, Co-ed.
 - All teams/individuals in a division must shoot the same range as the teams in their division each week as stated on their scorecard. Shooting a different range will be cause for disqualification of the week's scores.
 - The first two weeks of shooting will determine your average.
1. Teams must consist of 3, 4 or 5 shooters to be eligible for awards. Your initial registration will determine the official number of people on your team. Traditional Division shooters will shoot individually unless there is enough interest to form teams.
 2. Shooters must be at least 16 years of age or older. Any shooter under the age of 18 must shoot with an adult at all times. Violation of this rule is unacceptable and may result in team disqualification.
 3. Each team member must shoot seven times to be eligible for awards unless determined otherwise by the league chairperson.
 4. A team handicap will be used. Handicap will be 80% based on a scratch score of 1400. Handicap will be based on your team's three (3) most recent scores with the oldest score dropped each week.
 5. Team standings will be determined by a point system. Each division will have their own point system. The number of points awarded will be determined by the number of teams in each division. The team having the highest score for that night will be awarded the highest number of points and so on. First place for the league in each division will be awarded to the team with the most accumulated points over the 12 score period. In the event of a tie, a shoot off will take place the last night of shooting – banquet night. Each team will be assigned a witness for this shoot off.
 6. Individual awards will be given to First, Second, and Third place in each division. A team sponsor award will be given to the First place team in each division. All Sponsors will be recognized.
 7. A team must field at least two shooters on a shooting night. If there are less, a last place score will be given for that night. Substitutes are permitted, but their score will not count. **DO NOT** write the substitute's score on the scorecard! An absent shooter's score or an incomplete score will be his/her average.

8. If a shooter misses the first 2 weeks of qualifying rounds, the team handicap for qualifying rounds and the first night of shooting will be based on a blind score of 200 for women and 250 for men. No make-ups are allowed. If a shooter regularly shoots with their team and can't make a particular night or morning, he/she may shoot in the morning or afternoon that same day, **providing the person shoots with a second person** (this does not necessarily have to be another shooter). All team members must shoot the same range.
9. If a new shooter joins the team during the league, the handicap will be figured based on the 200/250 score (see rule #8). The new shooter must shoot 7 times to be eligible for awards unless determined otherwise by the league chairperson.
10. If you shoot mornings, you must register before 10:00am to shoot. Anyone who does not, will then be asked to shoot in the afternoon. There is no shooting between the morning and afternoon shooting times unless special permission is given by the league chairperson.
11. Morning shoot times: 7:30am – 11:00am
12. Afternoon shoot times – pick up your card between 3:30pm – 7:00pm
13. No practice will be allowed on any of the ranges prior to shooting for score on league dates. During Industrial League, teams who shoot their rounds for score and wish to shoot a second round may. Score cards from the first round must be turned in before a second round can be shot. Scores for the second round will NOT count. Shooters shooting their round for competition will have first use of the range, therefore a second round may not be shot before 7:00pm (this will help with back ups).
14. No indoor shooting is allowed during league night.
15. A banquet will be held on July 20, 2022 - ONLY TEAM MEMBERS AND ONE SPONSOR ARE ABLE TO ATTEND.
16. All teams will designate one person each night who will keep the scorecard for the team. Only shooters shooting by themselves will need to have their card witnessed.
17. State law prohibits bringing alcoholic beverages onto the property.
18. For safety reasons, no club member or non-member may bring any children under the age of 16 to RIB during the Industrial League shooting.

Shooting Rules

1. Any type of bow may be used except cross bows. Arrows shall have field points or target points – no broadheads.
2. Use of sights, mechanical release, optics or string walking is permissible.
3. In order to avoid back-up situations due to shooting styles, teams that are causing the delays should allow teams following to shoot through.
4. Archers will shoot in groups of no more than five and no less than two. No shooter can shoot the course alone and be able to turn in a score.
5. Any arrows found on the range must be turned in to the registration table.
6. Overdraw shooters must meet NFAA Safety Standards.
7. Please report any “Robin-Hoods” to the scorers table.

Scoring Rules

1. Each shooter should carry sufficient arrows to complete a round.
2. For **Paper Targets**, each member of a team will shoot four arrows per target, one at each shooting stake. Scoring for Paper Targets is 5 for each bullseye and 3 for a body hit. Total of 20 points possible. A hit that cuts the line of the bullseye will be scored as a bullseye.
3. For **3D Targets**, each member of a team will shoot 2 arrows per target. Two shooting stakes will be clearly marked for 3D shooting. Scoring for 3D Targets is 10 for each bullseye and 6 for each body hit. An arrow cutting the bullseye ring will be scored as a bullseye. Total of 20 points possible.
4. Arrows passing through the target but still in the bale may be counted if another arrow pushed through the target from the rear alongside the questionable arrow and back through the target is in the scoring area.
5. Witnessed arrows passing completely through the scoring area and bale will be scored as three points.
6. An arrow glancing off the ground, a tree or bush and striking a target will count.
7. Scorecards must be added and turned in to the registration table as soon as the team is finished shooting (or give to the bartender if registration table is not open). Any cards not turned in by the end of the night will result in a last place score for that night. It is the responsibility of the team captain to turn in the scorecard before leaving.
8. A maximum of two minutes will be allowed for looking for lost arrows.
